

Cheap Land Excursion!!

To Western Kansas and Eastern Colorado

TUESDAY, AUG. 20th

One Fare Plus \$2.00 For the Round Trip

50,000 Acres will be sold at \$10 per Acre

One-fifth Cash, and One-fifth Each Year Until Paid For

This land is located in the great wheat and alfalfa belt of Western Kansas and Eastern Colorado. Fine, healthy climate, an abundance of purest water and as good soil as can be found anywhere. This land is level and smooth and is being taken rapidly. It will only be a very short time until it will be one vast field of waving, golden grain, studded with elegant and happy homes, that you can't buy for \$50 per acre then. Last year in this same locality wheat made as high as 44 bushels, corn 45 and potatoes 125 bushels per acre, while Kaffir Corn and Milo-Maize made from 3 to 5 tons per acre. Do you think land producing such crops as these and located within a few hours run from Kansas City, St. Joe and Deaver can long be had for \$10 per acre? Remember there is comparatively little land to be had at these figures, in This Country and no more being made and that the population is increasing at a wonderful rate and that this is Your Opportunity, which comes to a man Only Once in a life time. It is not necessary to tell you land is the best and safest investment for men who have it to invest—nor is it necessary to tell the poor man that he cannot, long hope to be able to buy a home for less money—on the installment plan, than he now pays his neighbor for rent! You both, know this.

We have sold 60,000 acres of this land to parties in Missouri, Iowa and Illinois. Below we give a partial list of our Mo., purchasers. Would be glad to have you write them with reference to the merits of this country, of its soil, church and general characteristics. But best of all, would rather have you go and see yourself—talk to the people who live there and get the facts. It is a nice trip for you whether you buy or not.

Remember we drive you over the country in our big Automobiles and show you the land "free of charge."

The Ninth District W. C. U. T. Convention will be held in Monroe City Aug. 15-16

The Convention to be held at the Methodist Church beginning today and lasting two days should be well attended by our citizens. Miss Bertha Bowers is a charming speaker and always captivates her audience. She gives an address both evenings.

Every body cordially invited.

Missouri State Convention, Sedalia, Sept. 18-20.

We are glad to note that many daily papers have begun to "cut out" all their liquor ads. Many of our leading newspapers are asking our Secretaries for temperance news and giving editorial space for friendly discussion of current temperance progress. Chicago Evening Post gives full column every week to national prohibition news. At least forty leading daily newspapers have really brought about a revolution in attitude of the Daily Press.

Oh that every one would learn the lesson taught in the little verse:

"I am only one
But I am one
I cannot do many things
But I can do something
What I can do I ought to do
What I ought to do
By the grace of God I will do."

Wear the White Ribbon always

MRS. LILA CARLIN MOORE.

Recently at Chautauqua, New York, in one day I was in conversation with seven women, at different times, whom I learned were members of the W. C. T. U. Not one wore her ribbon and it was only by accident I learned that they were white ribboners. I wondered how many women among the great host on the grounds were of us and yet no token of membership. When we say there are 313,000 white ribboners in the United States, people frequently say, "Well, where are they?" And is it any wonder, when we neglect our opportunity or opportunities to show where they are by loyally wearing the little bow? I am convinced it is only negligence, not disloyalty, but let me urge you in capital letters, WEAR THE WHITE RIBBON ALWAYS, that the world may know "where they are."

E. H. Griffin took in the Hannibal Chautauqua, Saturday.

They Ran.

The J. J. Rogers' blooded bays made another run Thursday.

Mr. Vanskike a big heavy, strong man could do nothing but hold them in the middle of the street, while they ran for all there was in them for nearly a mile. When J. W. Stephens caught the off horse by the bit, inspite of the 200 pounds or more weight, the maddened animal lifted him clear off the ground before being stopped. The driver was exhausted and could not have held them longer

Shaw.

Mrs. Benj Shaw, 82 years of age, died at her home near Warren, Thursday of catarrh of the stomach.

Rev. Robt. White, of Hunnewell conduct the funeral services at Andrew Chapel Friday.

Is it any wonder that a literary affair like a Chautauqua could not thrive in Monroe City where the natives referred to it as a "Catalpa" and a "Chattanooga?"—Palmyra Spectator.—Better that than cannipion fits.

Mrs. John Greathouse and daughters, Misses Pearl and Cama and Mose Leake were with Hannibal friends, Saturday.

James Day and wife, of El Reno, O. T., arrived Thursday to spend several days with relatives.

Charles L. Goodman, of Louisiana, was with Monroe friends, Thursday.
